The Clackamas River (March to August)

is located only ½ hour from the greater Portland area! In addition to being one of the most scenic rivers in all of Oregon, there is no better river for those living in or visiting the Portland area for fun, adventure and convenience.

In the **spring (March to May)**, this Wild and Scenic River is a rockin', rollin' class III-IV River, with "the biggest waves in the Cascade Mountain Range" with rapid after classic rapid. When flows are at their highest, Carter Bridge Rapid, Hole-in-the-Wall, Toilet Bowl, Bob's Hole and other rapids provide an opportunity to get your adrenaline flowing. During the spring we offer full-day trips.

In the **summer months (May to August)** As flows slow in the summer months, the river becomes an ideal place for river rafters seeking a fun but not aggressive rafting experience. The scenery, solitude, warm mountain air, and energizing rapids combine to create a perfect river adventure for families, mature travelers, and first-timers featuring fun class III rapids, tranquil calm and beautiful forest scenery. We offer both half and full day trips during the summer months.

What we provide

- Professional, skilled, experienced and licensed river guides that are also friendly too!
- The best river gear available, including wetsuits, booties, splash jackets, life jackets and helmets upon request.
- All one-day trips include a filling, fresh deli-style lunch served riverside. Half-day trips feature a celebration complimentary snack and beverage at the end of your trip.
- Free Shuttle service between the rendezvous and the river.

The Rendezvous

FULL-DAY and MORNING HALF-DAY Clackamas trips meet at 9:30 am. Afternoon HALF-DAY trips meet at 2:00 pm. All trips meet at the Memaloose Weigh Station, about 10 miles south of Estacada on Hwy 224. Once you pass the North Fork Reservoir look for a large parking area on your left, this is where the guides will meet you.
